

Summer 2023 Messaging

Every Sister is a VIP (Very Important P.E.O.)

JULY

- ★ Invite your sisters to an outdoor social to prepare homemade cards to send to nonparticipating members. They will have fun tracing their hands on pieces of construction paper, cutting out the shapes, and writing “thinking of you” messages on them before mailing.
- ★ Going to the movies with your sisters during the summer can be COOL. Add lunch or dinner. Talk, laugh or even cry about the movie together. Invite nonparticipating members, unaffiliates, and guests to this COOL event. Everyone loves a good movie.
- ★ Host a pool party for everyone including nonparticipating and inactive sisters. Make sure to take pictures and share them on social media or via email for those that cannot attend.

AUGUST

- ★ Meet up for ice cream or make your own ice cream. Summertime is ice cream time! Invite guests, unaffiliates, nonparticipating members and inactives. Do not forget the toppings.
- ★ Submit entries for your local fair as a way to show off your sisters’ talents. Whether it’s a homemade pickle recipe or a quilt, it’s an opportunity to win a ribbon and who doesn’t love a good competition? Plan to attend the fair as a chapter or small group to see the items on display and be sure to sample the food! This event could be open to friends and family as you are thinking of inviting new members to join your chapter.
- ★ Paint river rocks with kindness quotes or floral designs virtually. Use paints or Sharpie pens. Decorate your garden, neighborhood, or deliver to non-participating sisters.

SEPTEMBER

- ★ Culture through puzzles. Find a puzzle that is a picture of fine art or historical architecture. The host can research the subject. She can lead a discussion that will make it interesting for everyone as they put the puzzle together. You can also google the subject as you build your puzzle. Invite guests.
- ★ Send your favorite students back to school in style! Plan a backpack packing party and stuff backpacks with fresh new pencils, pens, highlighters, and notepads for students of all ages in your community.
- ★ September is Classical Music Month. Attend a symphony concert or ask a local musician to present a program on classical music or a composer about how other musical genres have been influenced by the classics. Invite your inactive members.
